Further information:

Dr Bellaney has been performing office-based cosmetic dermatology procedures since 1996. He has been performing botulinum treatments since this time and is an experienced practitioner of this very popular cosmetic procedure.

His practice is now primarily in the diagnosis and surgical treatment of skin cancers. In conjunction with his cosmetic nurse practitioner, a number of cosmetic procedures are also performed.

DermNet does not provide an on-line consultation service.
If you have any concerns with your skin or its treatment, see a [dermatologist](#) for advice.
